

Phoebe's
garden

One morning,

Phoebe decided she wanted to go work in her garden and in her garden she planted strawberries, candy, chocolate, spaghetti, french fries, ice cream, pineapple, carrots, cake, and sugar.

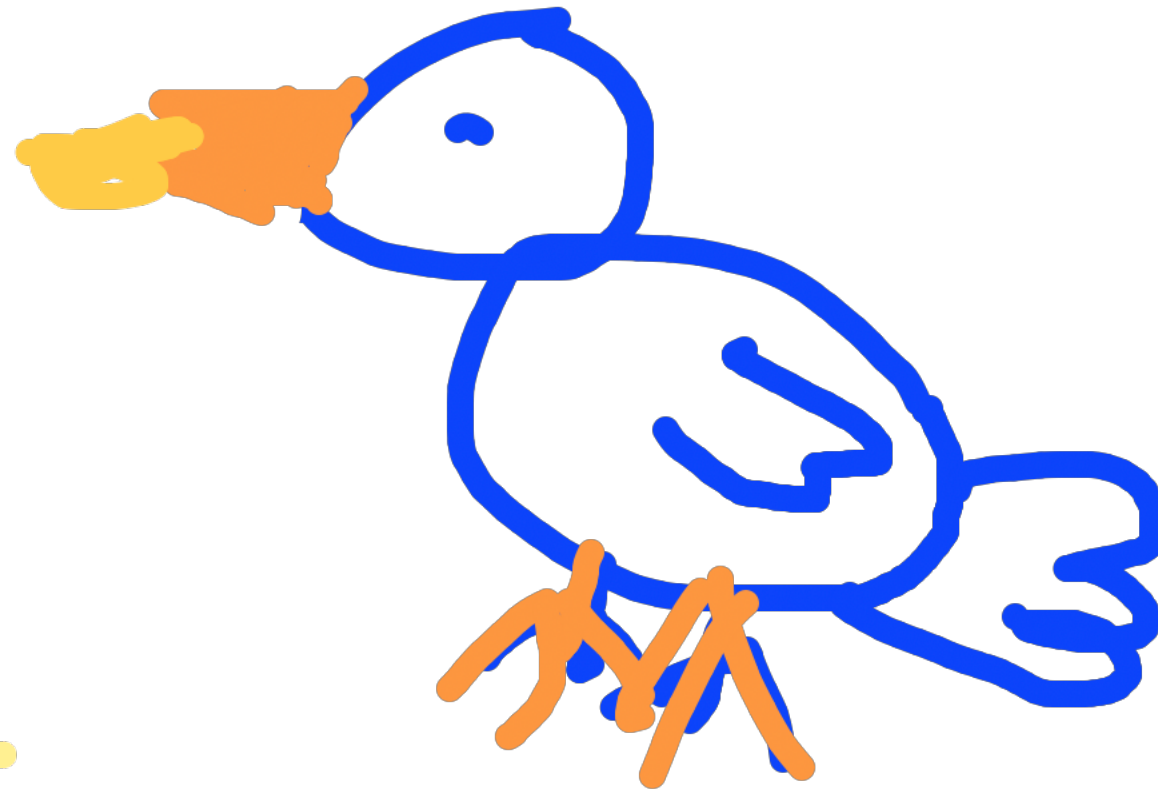

And then... the bird named Bobby came to feast on Phoebe's garden!

But phoebe was not there!

Phoebe was at Harper's house instead of her garden.

Bobby is going to his master Morgan...

Phoebe is at master Harper's house...

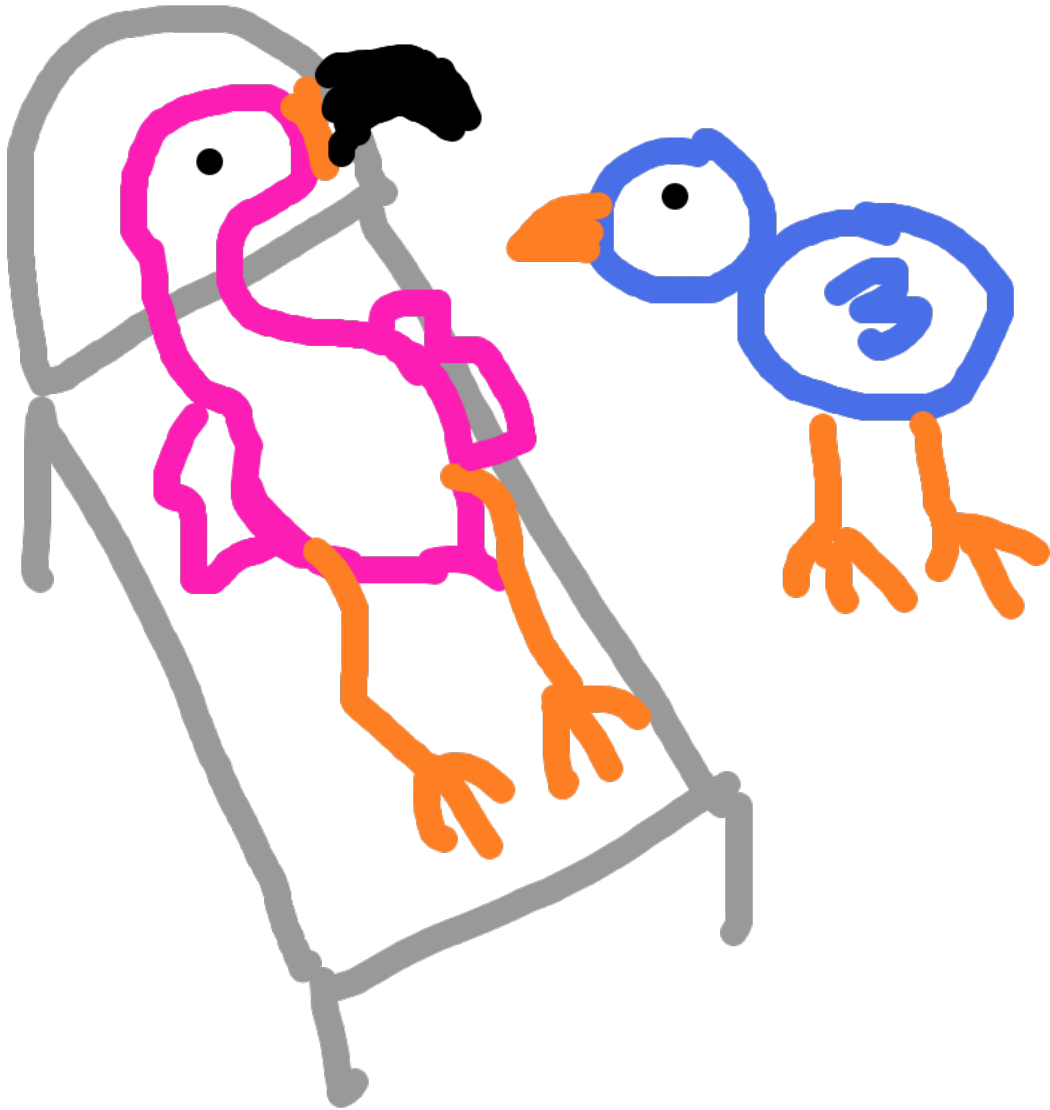

But they didn't realize that on the other side of the forest was their enemies!

Then they
got into a
fight...
And
things
went
wrong 🙄

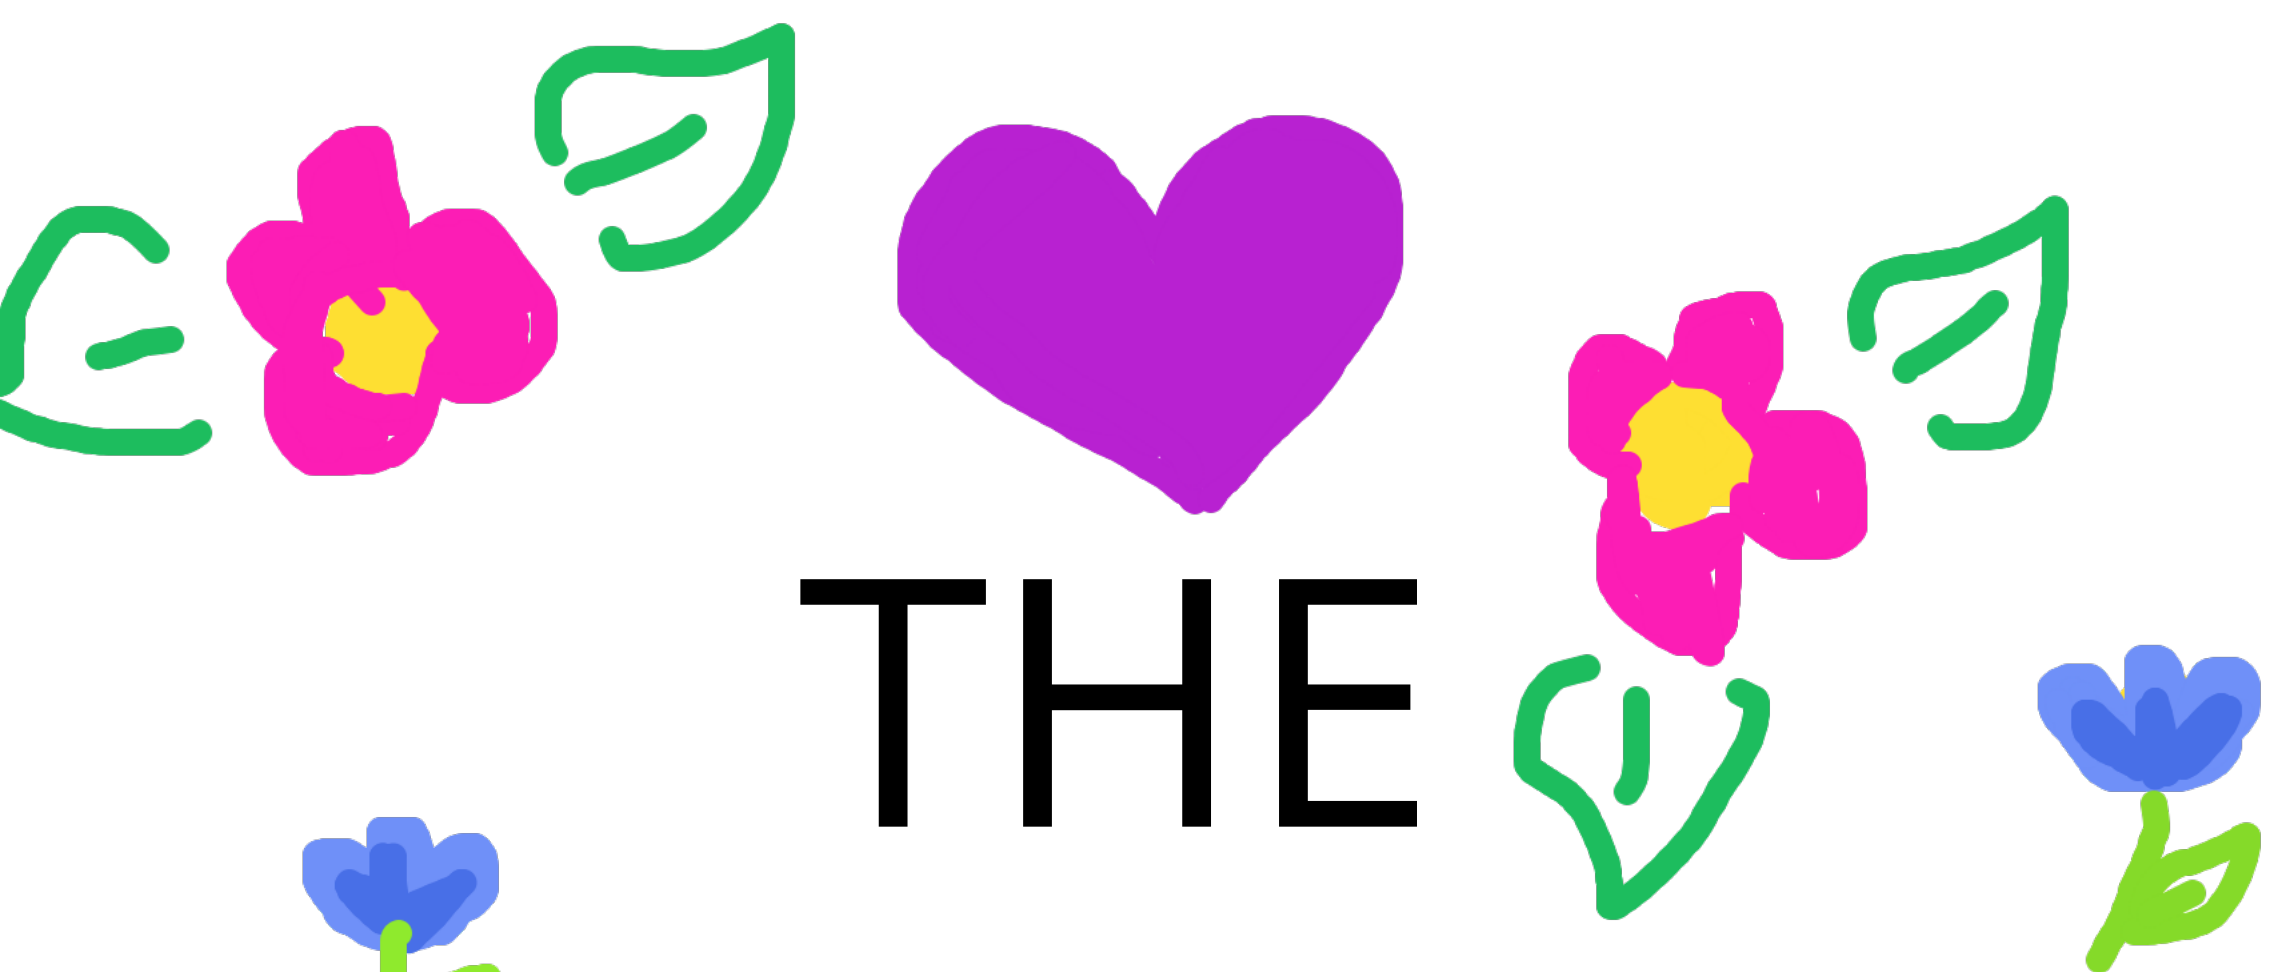

Phoebe went to the hospital because of Bobby's heavy carrots 🥕 and Bobby felt bad so he decided to go visit her and he said he would take care of her garden while she was gone.

And soon Phoebe was
feeling better so she
was able to take care of
her garden! 🌱👨🌾🌱🌱
