

WILLES
FAIRY

GARDEN

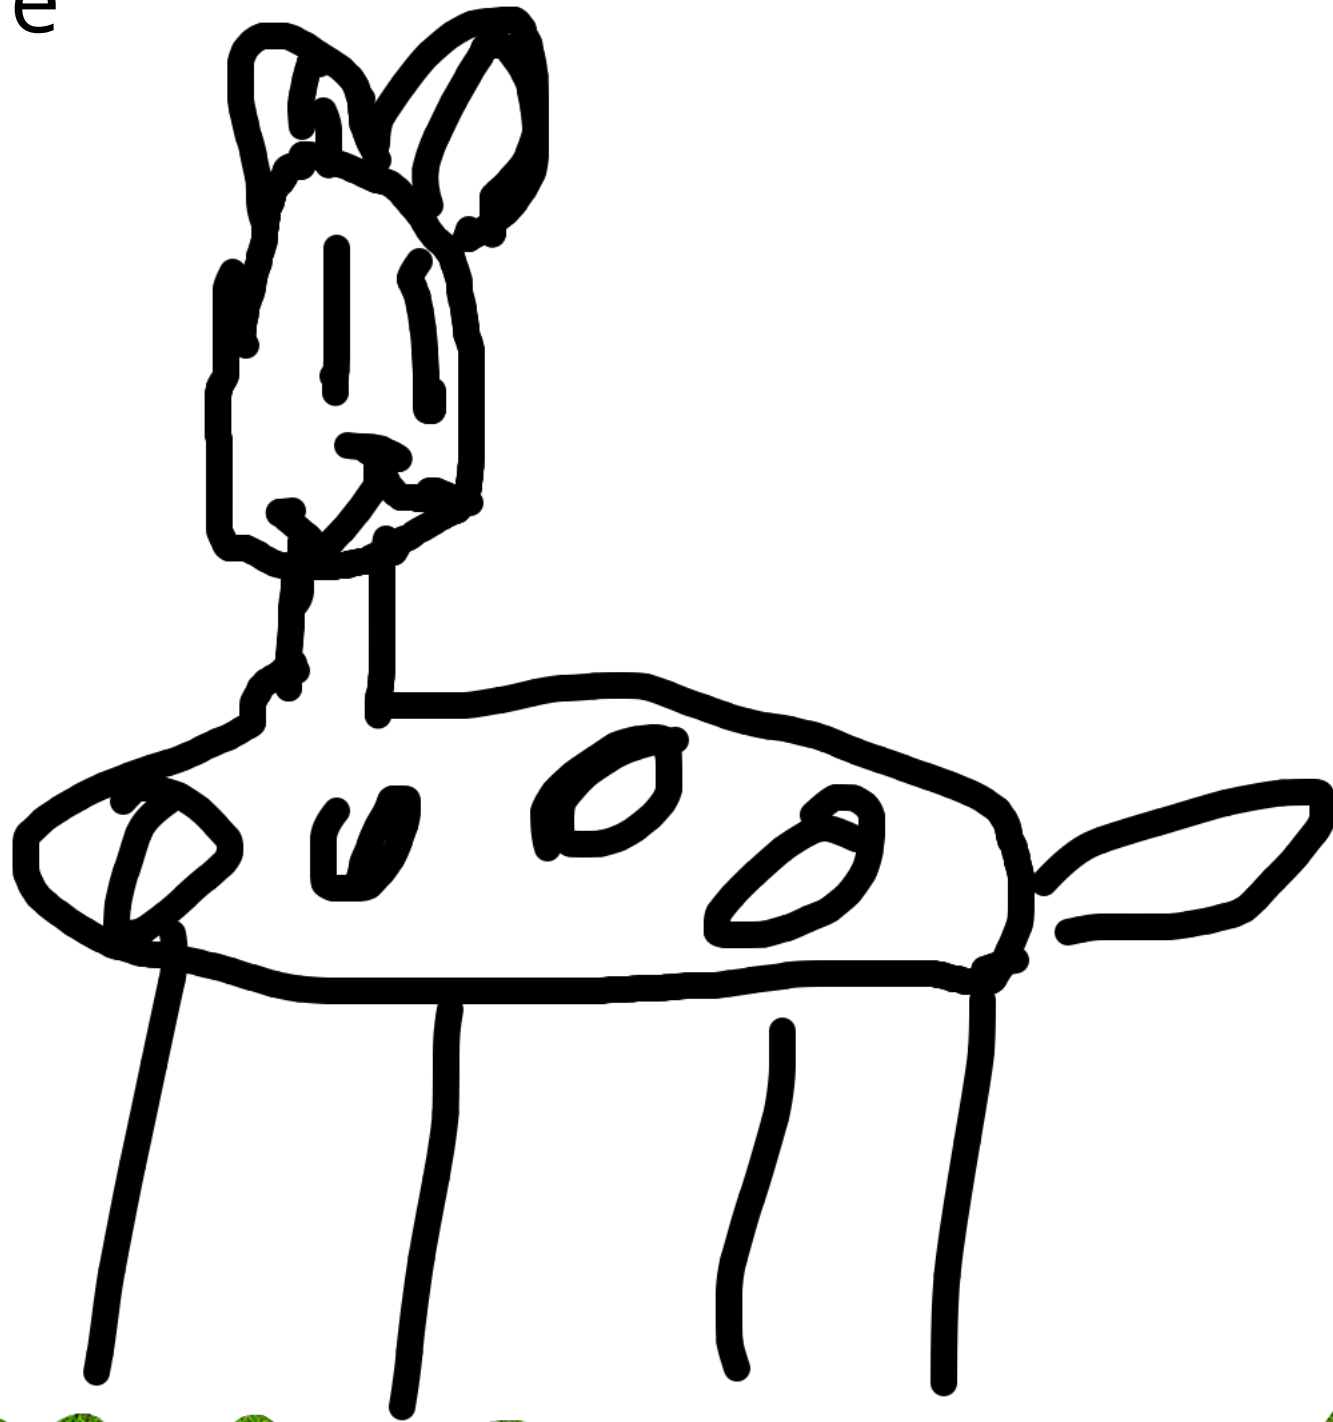

Liles' fairy garden was dying

So she went out to tell her friends

Sure

Then she asked turtle, the turtle said “yes”

The owl said “no thank you”

Ok, Lille set off to her fairy garden

Then they fixed Lille's fairy garden together

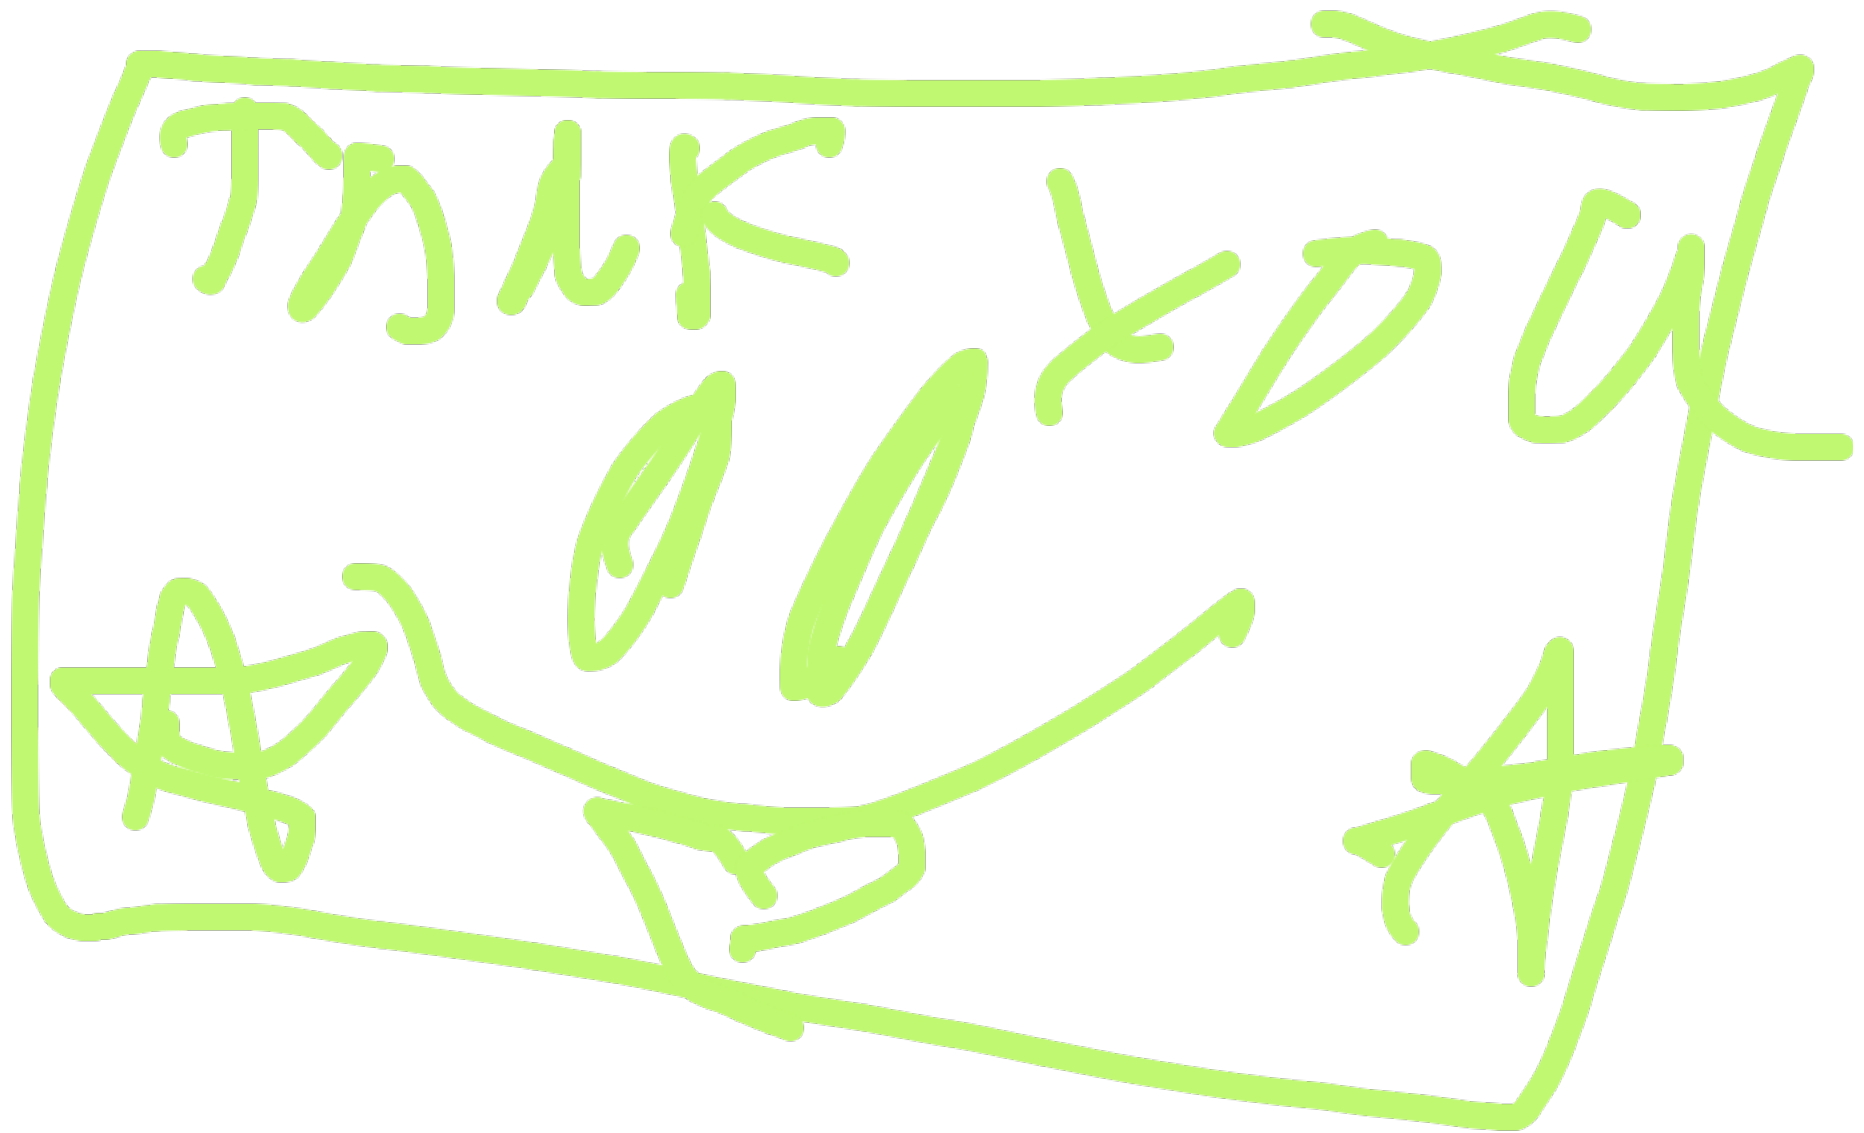

They thanked the animals that helped and
then they said goodbye

Then she made them a
card

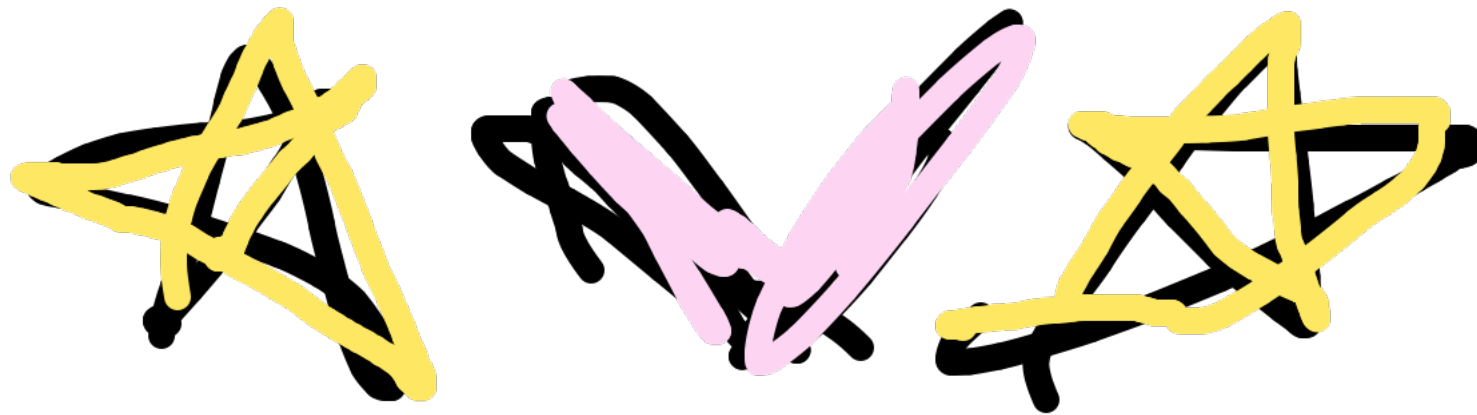

Then they said thank
you for the card

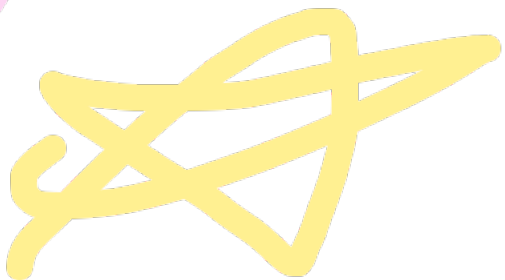

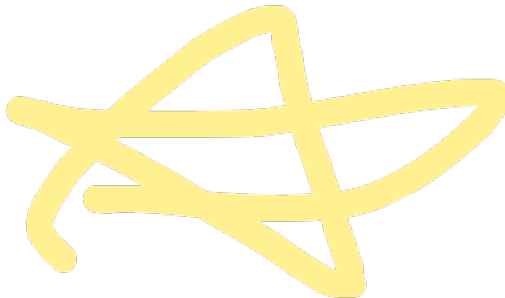

And then they ate donuts together

And then they wrote one more note
that said goodbye

The

End
