

The unique catapiller

The unique catapiler
eats a lot of
vegetables and fruits.
The unique caterpillar
ate so much healthy
food that he's gotten
so big and tall that he
grew 9 inches tall. The
unique caterpillar is so
strong that he can
pick up a 9 pound
rock.

Banana and orange
tree wow!!!

friday

Saturday

This is relaxing

On Sunday a bird
swooped down and
tried to eat the
caterpillar and then the
caterpillar dug a hole
under ground to
protect his self and the
caterpillar dug a hole
far far away from the
birds nest.

Uh oh a bird

Monday

On Monday the caterpillar found a cookie tree, and 5 banana trees. He ate the food very very fast.

Tuesday

The next day the caterpillar ate through a full apple, an hour after he ate the apple he ran a mile in just 5 minutes

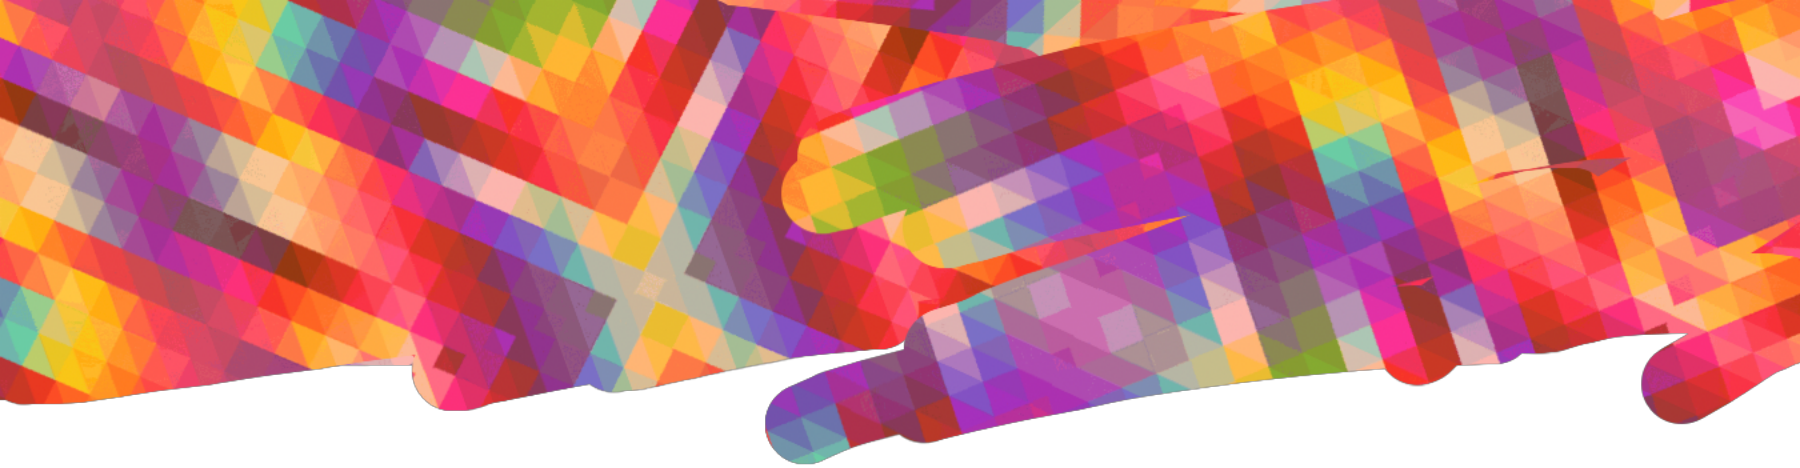

Wednesday

On Wednesday
the caterpillar
worked out for 5
hours and then
took a three
hour break. And
he ate ten
apples and 5
bananas and
watched tv.

Then he took a 2
hour nap.
